Use Our South African Computerised Assessment Tool for Literacy and Numeracy?

The Learner Profiler:

- ◆ Identifies literacy, numeracy, study skills, study trends, dyslexia and other learning barriers and even social information in under 90 minutes; - produce a report for every learner;
- ◆ Easy, cost efficient, reliable – no marking or any paper-work – just press a button;
- ◆ Is a web-based computerised system ;
- ◆ Currently being used as an assessment system in South African schools;
- ◆ Is normed against a South African population;
- ◆ Has been used by full service and mainstream schools across South Africa;
- ◆ Has been work shopped with hundreds of schools and accepted for its innovation;
- ◆ Can be run on Android Tablets via a special APP to run offline and online.;
- ◆ Can assess 1000's of students in a day and provide real-time same-day reports and high level data.

"Very insightful and enlightening program, something the teachers and subject advisors need to correctly diagnose learner problems and intervene accurately."

Zakhele Mathebula (Tshwane North)

Please enquire about our short workshops— **Leadership courses** (SACE accredited for Principals, SMT's, HOD's)

Our short courses on **Dealing with Learning Barriers** is also very popular with educators:

"Thank you very much for a wonderful workshop. I think it will help us a lot with helping our learners who experience barriers to learning and development. I am so excited to have you as a partner to help bring back the dignity to the learners, who felt that they are outcasts (outside there), together we will bring back the confidence they deserve."

C.M.Moeketsi (Duduza Primary)
